Every what legal democratic court decisions in the state and state organs documents mandatory to force owner and their own on time and complete execution being law priority of provision important factor is considered Uzbekistan Court documents in the Republic and other organs documents execution verb system of the state legal system strengthening , citizens and legal of persons legal interests protection to do and socio-economic stability in providing important place Legal system only courts by removed decisions with not this of decisions in practice execution being with both is strengthened . Therefore , court documents and other state bodies of documents performance provision issue not only legal , but also social to the point both owner

Uzbekistan Court documents in the Republic and other organs documents execution verb field in order builder one a number of normative and legal documents exists is among them Uzbekistan Republic Constitution , Citizenship procedural code , Criminal procedure code , Economic procedural and Family Code and "Court documents and other organs documents execution verb about

law separately to the point owner . This legislation documents execution the process legal in terms of in order insertion with together , his efficiency provision for necessary was mechanisms both by designating gives .

Court documents and other organs decisions execution verb system citizens and legal of persons right and interests protection to do the most important from the means one is considered Practice that shows that court decisions of execution own on time and qualitative provision to the judiciary of citizens was trust strengthens But this in the field row problems exists to be , to perform of the process weakness , some cases of corruption cases meeting , technological of means shortage and legal mechanisms improvement necessity current from problems one as remains .

This relationship with present in the article Uzbekistan Court documents in the Republic and other organs documents execution verb of the system legal basics , practical execution , available problems and him/her improvement directions analysis will be done . Court documents performance efficiency increase for to do being carried out measures and in the field new reforms importance discussion will be done . This research results of court documents performance further improvement according to proposals work exit and system efficiency to increase service to do possible .

On August 11 , 2021 reception done new edited "Court documents and other organs documents execution verb about court in law and other of the organs decisions completely , own on time and mandatory in a way execution being guaranteed . This law execution system improvement and citizens rights protection in doing important importance profession will do .

Court documents execution verb mechanism - c ud documents execution verb process one how many from the stage consists of :

- **Court document issuance** - by the Court removed decision , writ of execution, court order or sentence legal to force when you enter , execution verb process begins .
- **Execution document issuing** - by the court execution leaflet or other relevant document will be formalized .
- **Execution to the body submission** - Such documents The compulsory enforcement bureau is sent to the district city departments and they are performing state executives are directly engaged in the process begins .
- **Execution their actions to do increase** - of the court decision implementation provision for state performers mandatory measures sees This

includes property confiscation do , debtor's account to the numbers to book or other Compulsory measures specified in the law will be taken.

- **Execution completion** - court document The two-month mandatory enforcement actions specified in the law will be carried out, and the enforcement document will be enforced in the cases specified in the law or will be terminated based on the decision of the state bailiff to terminate the enforcement work in accordance with other articles of the law.

- **Other organs documents execution verb order - from c ud documents** outside , row state organs decisions and decisions of officials authorized to impose administrative fines are binding execution This is to documents the following includes :

- Tax bodies decisions (debt collection about).
- Administrative fines about decisions .
- Banks and credit organizations with related documents .
- Other state bodies by removed decisions are binding execution execution of the documents will be ensured during the period .

Enforcement actions for the execution of the above enforcement documents are carried out only by the Enforcement Bureau. Other organizations may also carry out collection, but they cannot carry out enforcement actions. Enforcement verb in the process Compulsory execution bureau main role plays . This Compulsory Enforcement Bureau by decisions to do increase mechanism to the law suitable in order inserted .

But it should be added that:

- **Court documents performance in the system problems** - court documents in Uzbekistan and other organs documents execution verb to the system one how much problems companion to be possible :

- Execution during actions vehemently resisted by the debtor and Delays in timely execution of enforcement actions .

- Debtors failure to comply with the legal requirements of the state executive, the debtor's non-participation in the execution period escape circumstances .

- Court execution corruption in the process and There are other cases of interference in the execution process in various ways. violations .

- Technological of means inadequacy , lack of necessary equipment during execution, execution the process digitization necessity .

System improvement according to Proposals - Execution system further improvement for the purpose of following measures to do increase necessary :

- State The implementation of a mechanism for taking drastic measures against persons who resist enforcement actions, as well as digitalization, is aimed at permanently monitoring the process of enforcement actions by the enforcement officer through surveillance cameras . and automation .

- State performers responsibility reinforcement and their qualification increase

- Execution the process public control under to do increase

- International from experiences used in case , execution mechanism improvement .

Conclusion as as you say c u d documents and other organs documents execution verb system Our state is paying special attention to this, for example, the establishment of the Compulsory Enforcement Bureau under the Prosecutor General's Office. The special trust given to the sector has been to select and place personnel in the sector to justify this trust. Significant positive changes have been achieved after the sector was selected and placed in place. In this direction, the decrees of our President have been issued, and special attention is being paid to the sector. The practice of hiring highly educated personnel for the position of state enforcement officers has been introduced. The state legal stability and citizens of rights protection in providing important place holds . The present on the day In Uzbekistan present in the field one row reforms to do increased though the system further improvement and his/her efficiency increase current task as remains Digitization , transparency increase and execution mechanisms reinforcement through of the system efficiency provision possible .
